

Research Focus Group Opportunities

Improving Services for Children with Special Needs in Washington, D.C.

The Goldberg Center for Community Pediatric Health at Children's National is hosting a series of focus group sessions to identify the needs, gaps and challenges in accessing services for children and youth with special healthcare needs in the District of Columbia. Supported by DC Health, these focus groups will also explore ways to improve community health and advance health equity.

Who can take the survey:

Families of Children and Youth with Special Needs and Community Stakeholders

Purpose:

To engage in a conversation on how to address the needs of this population in the District of Columbia

Participation: Participants will receive a \$50 gift card for participating.
